

Our top priority is the safety and well being of all of our supporters. We expect Los Verdes members to follow the [Code of Conduct](#) before and after games, and inside the stadium. Help us remind one another what our expectations are, and please report possible Code of Conduct violations [here](#). Also, especially in Austin summer heat, remind one another to hydrate all day on game day, and be on the lookout for fellow supporters in need of water or medical attention.

## Gameday expectations

Every week:

Get to the stadium when gates open 60 minutes before kickoff. We want a full section that is ready to greet our players and visiting teams with song and chant the moment they stop on the field. We want the visiting team to hear us in their locker room in the southeast corner of the stadium.

Marching to the Match:

We won't march to the match every week, but when we do we want it to be special and for it to make an impact. For the home opener, we plan to meet up to march to the stadium early, so that we can meet our teams buses when they arrive 100 minutes before kickoff.

# SUPPORTERS' MARCH

**5:15pm**  
Meet across the street from Hopsquad & Circle Breweries.

March with us along the south lane of Braker Ln (blocked off for pedestrian traffic), turning left on Aguilar St, and welcoming the team bus along Calle Norte.

Tifo:

In the case of having a tifo that is brought up over fans' heads, there are a few things to be aware of. If the tifo is going over your head please do not punch up on the tifo. It can rip! Also, even if it doesn't rip this will make it harder to read/see if there are many ripples in the tifo. You will need to crouch down in your area and either allow the tifo to slide over the palms of your hands or do not touch it at all. Not much support is needed, just help the fabric not get snagged or caught on anything around you.

In the Stands:

We can and will make a huge impact on our team and the results of games with our sound and our energy. Imagine how tired our players will get fighting for Austin on the pitch, but know that the extra effort the supporters put in will be felt by them. Sing loudly and do not stop singing!

Participate and sing for the full 90. Visit [La Murga de Austin's website](#) for lyrics and lyric videos. If you don't know all of the words yet, you will soon! There is always something you can do to participate in each song. Clap along, follow the capos, jump, stomp to the beat, etc.

Wave a flag! We have 100 flags that we will pass out to supporters for each game. Take a turn waving a flag. It can be tiring, so don't feel bad if you only take a 10 or 15 minute flag waving shift. Wave the flag in a figure 8 pattern for a nice visual effect and to reserve energy. If you are done waving, do not put the flag down! Find another supporter to take the flag from you and continue to wave it.

We can't wait to get into the stadium with all of y'all and pour out all of our hearts in the south end with you!
